HUMPYDOODLE

Voice over:

The Humpydoodle.

Cute. Cuddly. And ready to mount absolutely anything.

Legs. Couch cushions. Beloved soft toys named Mr Binky.

Every day is hump day with a humpydoodle.

And at the dog park? You won't need introductions.

SFX (angry voice in the distance): *Oi mate!*

Oh no, that's not my dog - I've never seen it before in my life.

Desex your dog before it becomes a Humpydoodle.

Get 20% off desexing at participating vets until August 31st.
